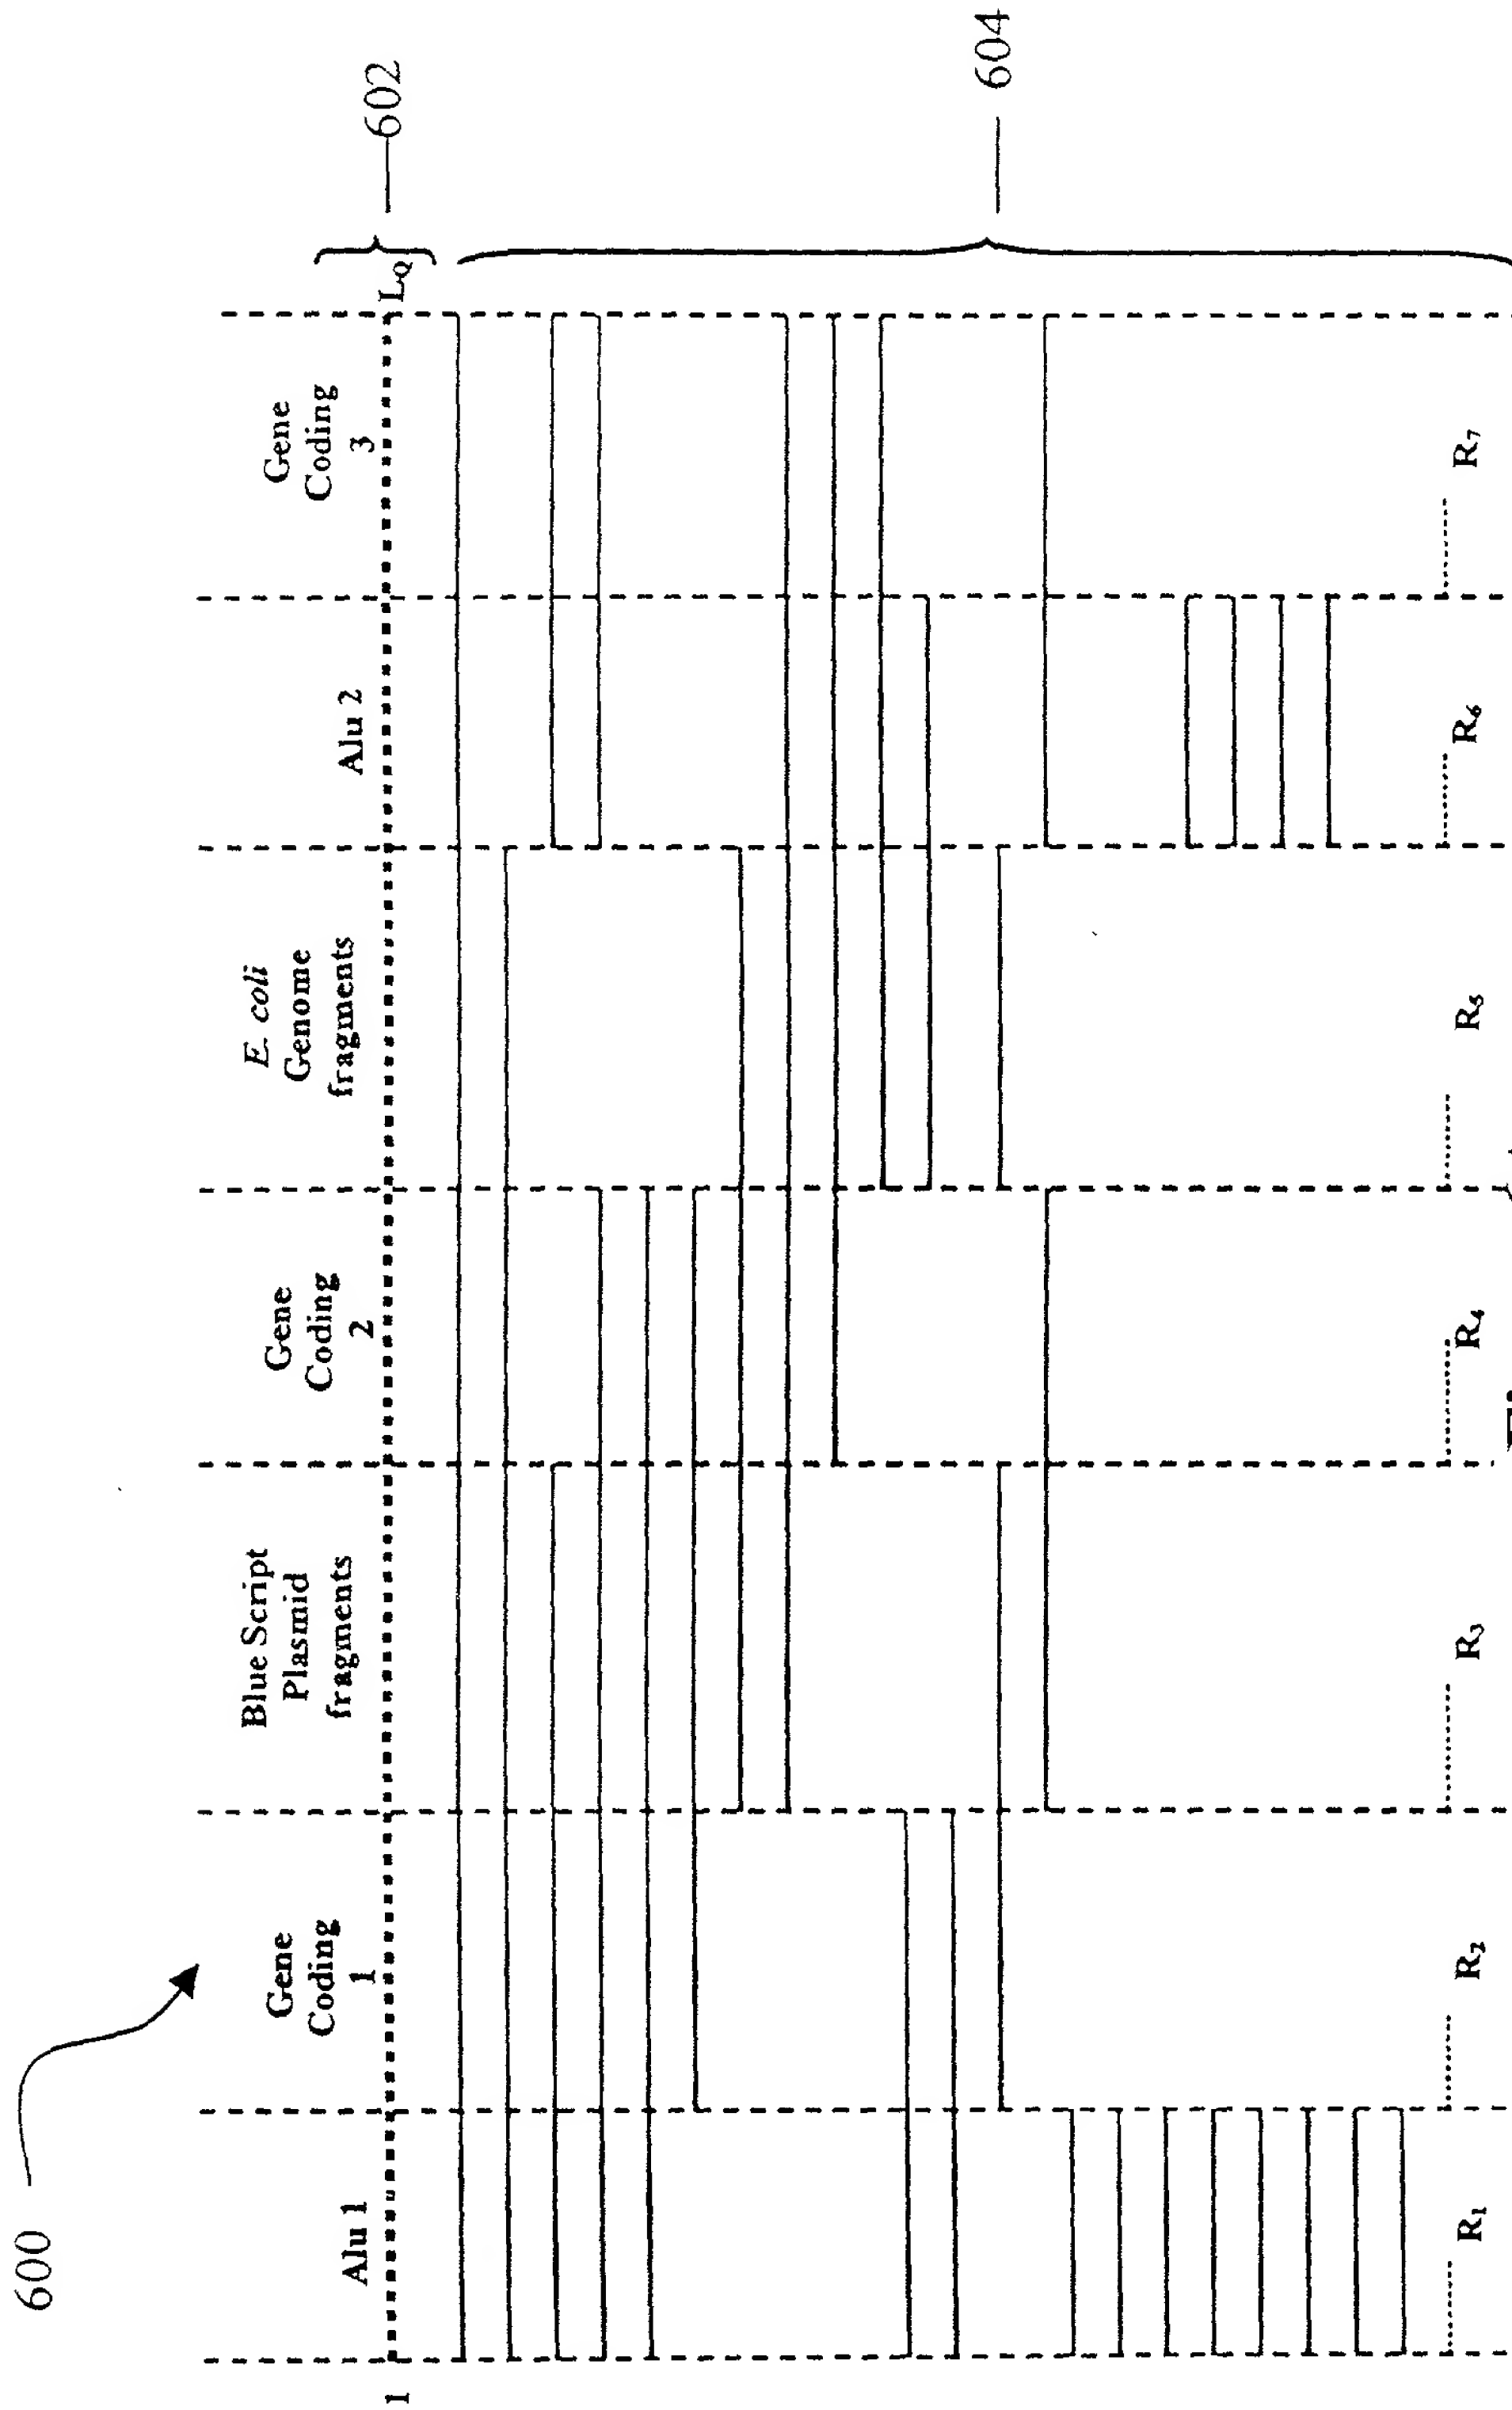

Figure 6A

1. The first thing I noticed when I stepped  
 out of the car was the smell of the  
 fresh air. It was a relief after the  
 stuffy car. The sun was shining  
 brightly, and the birds were singing.  
 I took a deep breath and felt  
 the wind on my face. It was a  
 wonderful feeling. I had never  
 felt like this before. I was  
 free. I was home. I was  
 alive. I was happy. I was  
 in love. I was in the best  
 place in the world. I was  
 in the best place in the world.
